Abstract submission

The scientific programme of the 18th European Congress of Internal Medicine (ECIM) includes ePoster presentations, Case Reports and Medical Images.

The organising committee encourages all members and colleagues interested in the field to share their experience by presenting and discussing results of **experimental projects**, **clinical studies** and interesting **case reports**. ECIM gives young professionals, along with experienced ones, an excellent opportunity to present their research to an interested and knowledgeable audience.

The ePosters are displayed digitally in terminals during the entire congress and are accessible for all participants to view.
Based on the content and quality of the abstracts, the scientific committee of the meeting will decide upon acceptance/rejection of the abstract as an ePoster.

The abstract submission will be exclusively managed electronically through this website. Information about acceptance is going to be send by email.
To upload your work, please make use of the upload link at the top of this page.

Submission deadline: April 30, 2019

Guidelines for abstract submission

The conference language is English.
Submit your abstracts via the online link.
Abstracts submitted via fax, e-mail, post, or other methods will not be accepted.

The abstract and authors' institutes have to be indicated in English.

The structure of the abstract should be as follows: background, methods, results, conclusion.

If submitting case reports, the structure should be as follows: introduction, case description, discussion.

For accepted abstracts, registration and participation in this conference are binding. Therefore please register yourself online.

Abstract titles should be concise and direct, maximum length 150 characters.

Abstract should not contain tables, graphs, pictures and text should not exceed 250 words.

Abstracts will be accepted until **April 30, 2019**.

Authors will be notified of acceptance on May 30, 2019 by email.

Please formulate clearly and concisely the aims, the methods used, the results and the conclusion of each abstract.

Avoid using non-standard abbreviations.

Do not use the title or the name(s) of the author(s) in the body of the abstract.

The abstracts submission will entitle only to electronic poster (ePoster) presentations.

Contents and format

Please structure your abstract using the following headings:
• Objectives
• Methods
• Results
• Conclusion

If submitting case reports, please use the following headings:

- Introduction
- Case description
- Discussion

If submitting Medical Images (MI), the following rules apply:

- Presentation of pedagogical images, coupled with a brief clinical summary.
- An image or an articulated set of images should be inserted as well as a clinical summary with a maximum of 800 characters
